El Paso International Airport Adjusts Short-Term Parking Fees

El Paso, Texas— The El Paso International Airport is adjusting its Short-Term Parking Lot daily fee from \$15 to \$17.

The new daily rate was approved by the City Council today, Oct. 10, and is effective immediately. A one-week grace period is being provided to inform travelers about the daily rate adjustment. The \$1 hourly rate for the Short-term lot will remain unchanged.

“We're dedicated to improving the airport experience for our travelers. These adjustments in short-term parking fees, along with the newly opened West Lot, aim to enhance the parking experience by offering more choices,” said El Paso Aviation Director Sam Rodriguez, Aviation Director.

Passengers who require overnight or extended parking, are encouraged to consider the following options:

- **West Lot:** Recently opened and priced at \$10 per day, the West Lot provides a convenient choice for long-term parking near the terminal. Payment for the West Lot is exclusively online, via a QR code located in the parking lot.
- **Long-Term Lot:** Our long-term parking facility continues to offer plenty of affordable parking at \$7.00 per day, which includes a complimentary shuttle ride to the front of the terminal.
- **Park Air Express Valet Parking:** Consider Park Air Express valet parking at just \$7.00 per day. Reserve your spot in advance online for a seamless experience. A complimentary shuttle bus ride is also available for passengers.
